Thank you for choosing Classroom Tees for this year's classroom t-shirts. I know you and your students will enjoy this unique wearable art project!

Here is a checklist for this project to go smoothly:

_____ **Call or email to set up dates for printing.**

We can print at your school with the kids or at our shop and deliver the shirts to you.

_____ **Send out the parent letter.**

Write in the due date and who the check is to be made out to (Classroom Tees or your school name).

_____ **Complete "Simple Design Instruction Sheet"**

Choose the center design (from website or create your own), and font. Also the name of the teacher, school name, school year, grade, and any quotes or sayings should be included.

_____ **Have students draw artwork inside "Student Squares" (3"x3")**

Students can draw themselves (whole body or just head), artwork that goes with the theme of shirt, or signatures. Drawings need to be made with black Sharpie marker. NO pencil or crayon.

_____ **Collect money from parents**

What to enclose in envelope:

_____ **Simple Design Instruction Sheet**

_____ **Student Drawings**

_____ **Class Roster** (insures all student drawings are on design)

_____ **Money from Parents** (Teachers can keep student order forms for their records)
